Congress appropriated \$100,000 for a new wharf at Fortress Monroe, and the site has been selected.

It is reported at the State Department that Minister Manning is sick, and that the reports of his dissipation in the city of Mexico are unfounded.

The design for the new two-cent postage stamp, which is to be put into circulation about January 1st, represents an embossed head of George Washington in profile upon a blue-tinted background.

Preston, editor of the *American Engineer*, of Chicago, has been appointed commissioner-general for this country of the proposed international exhibition of railways and connected industries, to be held in Paris from May to November next.

It is taken for granted that Mr. Carlisle will be his own successor. His friends are outspoken in their determination to again place him in the chair, and if any thought of opposing him exists in any mind it is kept secret. It is presumed that Democrats who believe in the protective tariff system would naturally prefer a Speaker in sympathy with their policy, but it is scarcely probable that anybody indulges in the belief that a Protectionist could be elected.

The Chinese Robbed.

BIG SPRINGS, TEX., November 30.—A most daring robbery was committed at Marita, the first siding on the line of the Texas and Pacific railway, ten miles east of here, at midnight last night. The only inhabitants of the place are a gang of fifty Chinese section hands and a white foreman.

About midnight the Chinamen were waited upon by fifty masked men, who demanded their money. Upon refusing to give up their hard-earned cash they were, one at a time, hung up by their queues until they gave up their money.

The robbers, thinking they had not got all the cash in the camp, returned and tortured one of the Chinese by holding him on a hot stove until his comrades gave up the balance of their money, some \$500 in all. No arrests have been made.

A Jealous Incendiary.

CLEVELAND, O., November 30.—One year ago the Congregational church at Geneva was fired by an incendiary. Last summer the harness was cut from the horse of Frank Gleason, which stood in front of a church. A week ago last Sunday night the horse of Mrs. Jennie Alliman, who plays the organ in the church and who lives at Madison, a neighboring village, was dismembered. A citizens' committee was formed to ferret out the perpetrator of the outrage. They employed a detective, who yesterday arrested Clark Alliman, the husband of the organist. A special from Geneva says that Alliman made a partial confession and is in jail. He says he was prompted to his deviltry by jealousy of his wife. He had an accomplice.

More Funds Misapplied.

DENVER, COL., November 30.—A report reached here last night from Fort Collins, saying that F. L. Carter, manager of the North Poudre Canal and land Company, had mysteriously disappeared, and had not been seen or heard of since last Thursday. It is supposed that he has absconded, leaving an indebtedness in the neighborhood of \$305,000. All is secured except from \$50,000 to \$75,000.

Against Immoral Shows.

ST. LOUIS, Mo., November 30.—The Evangelical Alliance, representing nearly all the Protestant clergy in the city, adopted resolutions committing all Christians to refrain from patronizing such amusements as the present spectacular representations of sensuality, or are manifestly immoral in their influence.

ST. LOUIS, November 30.—A stay of execution has been granted in the case of W. H. L. Maxwell, Preller's murderer, and the Chinese high-benders, who were under sentence to be hanged January 1st until February 1st, in order that the transcript of the cases may be finished before an appeal is taken.

Wife Murder.

INDIANAPOLIS, IND., November 30. This evening an expressman, David Harris, aged 42 years, shot his wife through the head and then fired a bullet into his own head. This not producing death, he cut his throat from ear to ear with a razor.

Another Assignment.

NEW YORK, November 30.—Edward Hegrun, wholesale dealer in silks, 53 Greene street, assigned to-day, with \$11,000 preferences. Liabilities, \$73,000; assets, \$50,000. It is thought he can settle for fifty or sixty cents on the dollar.

Col. Lewellen Seriously Ill.

DANVILLE, VA., November 30.—Colonel J. Richard Lewellen, editor of the *Daily Register*, and one of the oldest newspaper men in the State, lies at the point of death. He has been gradually wasting away for two months past, and his death is hourly expected.

Stabbed His Friend For a Glass of Beer.

NEW YORK, November 30.—Julius Wild entered George Schimmel's saloon in West Twenty-ninth street yesterday evening, and wanted to get a glass of beer. On being refused he fatally stabbed Schimmel in the abdomen. The men had been particularly good friends for the past five years. Wild made his escape.

Said to Be On a Big Drunk.

NEW YORK, November 30.—The *Herald's* City of Mexico special says: "Minister Manning has not been at the Legation but once since the 18th instant. He is confined to his room. It is publicly stated on the streets that he has been on another spree, and has had an attack of *delirium tremens*. Prominent Americans are talking of sending a statement of the fact to President Cleveland if Mr. Manning does not appear at the Legation tomorrow."

Time to Reflect and Repent.

OGDEN, UTAH, November 30.—Charles Pentz, alias Charles W. Bronson, a noted thief, residing in Urbana, O., who has been very successful in his profession and has kept out of the clutches of the law in many Western States for a number of years, has at last come to grief in this city. He was arrested by a special officer of the Southern Pacific Company for robbing a passenger on the train between here and Terrance. He was convicted, and yesterday received sentence of eight years in the Territorial penitentiary.

A Big Failure.

CHICAGO, November 30.—F. A. Hill & Co., who for some time have cut quite a figure on the Board of Trade, have failed. This morning attachments were taken out in the Superior Court against the firm by Baldwin, Wren & Farnum for \$812; Schwartz & Dupre, \$1,000; Beale & Sherman, \$1,000, and Lindblom & Co., \$1,281. An attachment was taken out by Logan U. Dunne for \$1,000, and garnishees to the amount of \$2,000 were served on the Continental Bank, where Hill & Co. have money on deposit.

The McQuade Trial.

NEW YORK, November 30.—The work of obtaining a jury for the trial of Bookle Alderman McQuade was continued to-day in the General Sessions Court. Nathan Krugger, a meat dealer, of 69 First avenue, was accepted as the third juror, two jurors having been secured yesterday. Archibald Erskine, a carpenter, of 148 West Nineteenth street, took the fourth seat in the jury-box, and Malcolm Campbell, a broker, of 11 Wall street, was the fifth juror.

Strikers Not in Favor.

SALEM, MASS., November 30.—The tanners are hiring comparatively few strikers, and it is said that in no case will a man known to have taken part in the recent riotous demonstrations be reinstated. One manufacturer who hired a striker yesterday morning took him through the shop and asked his non-union men if they had any objection to him. All replied that they had not. The man was set to work with the admonition that if he interfered in any way with the non-union men he would be discharged.

A Triple Murder.

IRONDALE, ALA., November 30.—W. A. Baldwin, a railway supervisor, recently married Miss Ella Moore. The lady's brother opposed the match. Sunday Moore visited Mrs. Baldwin, and tried to induce her to leave Baldwin. She refused, whereupon the brother began to abuse her. Baldwin appeared and ordered Moore out of the house. Moore drew a revolver and Baldwin drew his. Mrs. Baldwin rushed between and received three bullets in the breast, dying soon afterward. Moore was finally shot dead by Baldwin. Baldwin is now dying, having been shot twice by Moore.

What Watterson Says.

LOUISVILLE, KY., November 30.—Henry Watterson last evening addressed the Freedman's Home Society, a colored men's co-operative society for the purchase and colonization of Western lands. Watterson urged the colored people to look to education and to country life for the betterment of their condition. He thought they should not seek city life. They had made much progress and would advance further still. In some States they would form a majority of the citizens in twenty years. The feeling between the races was more fraternal, and there was no danger of a race war ever occurring.

To Contest Speaker Carlisle's Seat.

CINCINNATI, Nov. 30.—The grounds for the contest of Speaker Carlisle's seat in the Fiftieth Congress of the United States have been prepared by L. A. Wood, of Covington, and were signed last night by George H. Thobe, the contestant. The allegations are numerous, and it requires forty-five pages of legal cap paper to recite them all. The petition of Mr. Thobe starts out by alleging that there were cast for Mr. Thobe 1,000 legal votes in the Sixth congressional district of Kentucky, which, by omissions, mistakes, or by fraud and collusions of election officers of various precincts and voting-places and county canvassing boards, were not counted and returned for Mr. Thobe. Various other allegations of fraud are made.
